Zipper Vacuum Bags

advanced-cuisine.com

## Product highlights

**Reusable zipper vacuum bags.** Designed for repeated use, offering a convenient and sustainable solution for everyday food storage.

**Double zipper seal design.** Ensures an airtight closure to lock in freshness and prevent leaks.

**Integrated air valve.** The built-in one-way valve allows quick air removal using compatible vacuum pumps or handheld vacuum sealers.

**Durable BPA-free food-grade material.** Constructed from high-quality BPA-free PA+PE multilayer material for reliable sealing performance and long-lasting durability.

**Ideal for multiple storage needs.** Suitable for storing meats, vegetables, fruits, leftovers, and other food items in the refrigerator or freezer.

**Compatible with sous-vide cooking.** Designed to withstand cooking temperatures commonly used in sous-vide applications.
